HEIDLER, H. Treatment of disorders of the third stage of labor (Abst.), 615

HELLMUTH. A statistical contribution to the question of sex determination in the child (Abst.), 454

HENDRY, W. B. A clinical analysis of one hundred and fifty-two cases of ectopic gestation, 386, 413

HEWER, (WITH KEENE). Glandular activity in the human fetus (Abst.), 455

—, (WITH KEENE). Notes on one hundred human fetuses (Abst.), 449

HIBBEN, J. S. Statistical survey of obstetrics in Pasadena, as an example of obstetrics as practiced in cities of California, 843

HIRSCH. Dysmenorrhea of spasmophilics, and the cause of menstrual pain (Abst.), 151

HJELT, SALLY. Placenta previa at the Helsingsfors Maternity Hospital from 1910-1924 (Abst.), 760

HOFBAUER, J. The function of the Hofbauer cells of the chorionic villus, particularly in relation to acute infection and syphilis, 1

HUENEKENS. Care of the newborn in the first few weeks of life (Abst.), 447

HURD, R. A. A series of deaths in gynecologic patients, 120

I

INGRAHAM, C. B. Ovarian tumors complicating pregnancy, with a report of six cases, 815

J

JACOBSON, S. D. Postmortem cesarean section with living child in a patient dying during an eclamptic convulsion, 289

JARCHO, J. The Kielland obstetrical forceps and its application, 35

JASCHKE, VON. The justification of cesarean section in placenta previa (Abst.), 756

JOHNSTONE. The results of operative treatment of intrinsic dysmenorrhea (Abst.), 151

JONES, H. W., (WITH ANSPACH, B. M.). The treatment of secondary anemia by blood transfusion preceding operation for myoma uteri and pelvic inflammatory disease, 222, 277

K

KAHN, I. W. The rôle of the cervix in sterility, 254, 291

KEENE, F. E. Elusive ulcer of the bladder, 380, 443

—. Perforating ovarian cysts (Sampson's) with invasion of the bladder wall; report of two cases, 619, 730

KEENE AND HEWER. Glandular activity in the human fetus (Abst.), 455

—AND—. Notes on one hundred human fetuses (Abst.), 449

KENNEDY, WILLIAM T. Intraligamentous pregnancy, 858

KLEIN. Vagitus uterinus (Abst.), 456

KÖHLER. Influencing menstruation by resection of the ovary (Abst.), 148

KOSTER, H. Spontaneous rupture of sarcoma of the ovary, 716

KOVACS, F. Influencing the fertility of the female white rat by treatment with placental tissue, 232

—. The influence of the male sex gland on the female. An experimental study to determine the sex ratio of the offspring, 527

KROSS. Uterine secretion. Its effect upon coagulation of the blood (Abst.), 148

L

LABHARDT AND HÜSSEY. Menstruation and cyclic changes (Abst.), 146

LAILEY AND CRUIKSHANK. Complement fixation in the diagnosis of gonorrhea in women (Abst.), 304

LARISCH. Prolapse of the normally situated placenta (Abst.), 616

LATTA, J. S. Spontaneous intrauterine amputation, 640

LAUTER. Rectal findings in gonorrhea in children (Abst.), 310

LEES. Some observations on gonococcal infections of the fallopian tubes and ovaries (Abst.), 308

LEPEHNE. Icterus neonatorum (Abst.), 448

LEVERKUS, (WITH MCILROY). Changes in the polarity of the fetus (Abst.), 455

LEVY, W. E. Preeclamptic toxemia complicated by pyelitis and pulmonary disease, 287

LEWIS, W. H. Hofbauer cells (Clasmatocytes) of the human chorionic villus (Abst.), 612

LIEBE, W. Our treatment of placenta previa (Abst.), 757

LINTZ AND MARKOW. Relation of onset of menstruation to environment (Abst.), 149

LÜTTGE. Male and female, serological determination of the sex of the child in utero (Abst.), 454

LYLE, W. G., (WITH SHARLIT AND CORSCADEN). Symptoms associated with the menstrual cycle and the effects thereon of ovarian therapy, 246, 289

LYON, EDWARD C., JR. Case of premature labor with survival of the child, 856

M

MACLACHLAN, (WITH MILNER). The diathermy treatment of gonorrhea in women (Abst.), 306

MALCOLM, W. A. Report of a case of uterus didelphys, 712

MALLORY, F. B., (WITH WILLIAMS, J. T.). Angioma of the placenta (Abst.), 613

MARRIOTT, W. M. Anhydremia (Abst.), 447

MASON, H. N., AND RUCKER, M. R. Inversion of the uterus after childbirth, with report of a case, 671

MASSON, J. C., AND FOUCAR, H. O. The use of zinc chloride in gynecology, 355, 421

MAYER. Intrauterine death of fetus at term without demonstrable cause (Abst.), 456

MAYES, H. W. The use of mercurochrome in obstetrics, 61, 137

MCARTHUR. Removal of both ovaries and persistence of menstruation (Abst.), 148

MCCAFFREY, L. C. Prolonged and shortened gestation periods from medical and medicolegal standpoints, 107

MCCORMICK, C. O. A new maneuver in abdominal palpation, 714

MCILROY, A. L. Fetal death due to toxemia (Abst.), 457

MCILROY AND LEVERKUS. Changes in the polarity of the fetus (Abst.), 455

MCQUARRIE, I. Isoagglutination in newborn infants and their mothers (Abst.), 446

MICHAEL, W. A. Bandl's ring as a cause of dystocia, with a report of four cases, 111

MIKULICZ-RADECKI. Intracardial injection of adrenalin and subcutaneous injection of lobelin in the treatment of pallid asphyxia in the newborn (Abst.), 451

—. Prognosis and treatment of placenta previa, a study of 168 cases of placenta previa (Abst.), 759

MILLER, C. J. Pelvic lesions as a contributing factor in chronic cystic mastitis, 375, 437

—. The limitations of cesarean section, 260

MILLER, H. E. Version, its indications and contraindications, 241, 285

MILNER AND MACLACHLAN. The diathermy treatment of gonorrhea in women (Abst.), 306

MILTNER. Lobelin in asphyxia of the newborn (Abst.), 451

MUNDELL, J. J. Four years experience with radium in the treatment of gynecologic conditions, 70

MUSSEY, R. D. Eclampsia, with unusual nonprotein nitrogen in the blood, 826

MUTSCHLER. The treatment of gonorrhea of the uterus with medicated rods and celluloid capsules, according to the method of Pust (Abst.), 306

—. The deities concerned with childbirth among ancient peoples, 570, 592

SCHWARZ, O. H. The cesarean scar, 153

SEITZ, A. The present status of the knowledge of menstruation (Abst.), 145

SELLERS, T. B. Two cases of hydatidiform mole, one of which was followed by chorioepithelioma, 740

SHARLIT, H., (AND CORSCADEN AND LYLE). Symptoms associated with the menstrual cycle and the effects thereon of ovarian therapy, 246, 289

SHUTTER, H. W. The treatment of chronic gonorrhea in the female (Abst.), 307

SIDDALL, R. S. Spontaneous rupture of the umbilical cord, 836

SISSON, W. E., (WITH STONE, E. L.). An analysis of the work of the obstetric clinic of Johns Hopkins Hospital for the year 1924 and a proposed schema for the ready indexing of obstetric records, 718

SPALDING. A pathognomonic sign of intrauterine death (Abst.), 457

SPENCER, H. R. On some unusual vaginal fistulae, 365, 434

STANDER, H. J., AND DUNCAN, E. E. The use of insulin in eclampsia, 823
STEIN. A clinical investigation of vulvovaganitis (Abst.), 310
STEIN, A. Further observations on syphiloma vulvae, 633
STEIN, H. E. Extrauterine pregnancy, report of 106 cases, 833
STILL. Attacks of arrested respiration in the newborn (Abst.), 452
STONE, E. L., AND SISSON, W. E. An analysis of the work of the obstetric clinic of Johns Hopkins Hospital for the year 1924 and a proposed schema for the ready indexing of obstetric records, 718
STRACHAN, G. I. Placental changes in relation to fetal death (Abst.), 613
—. The pathology of fetal maceration (Abst.), 458
STRASMAN, E. Why does the graafian follicle rupture? (Abst.), 147
STRONG, LAWRENCE W. Lymphangioma of the fallopian tube, 853
SZYMANOWICZ, J. Observations on the proliferation of the uterine glands in women (Abst.), 147

T

TAUBER. The numerical relationship of the sexes with especial relation to miscarriages and premature labors (Abst.), 454
TAYLOR, HOWARD C. Presidential address, 409
TE LINDE AND NOVAK. The endometrium of the menstruating uterus (Abst.), 147
THELANDER, H., (WITH ADAIR, F. L.). A study of the weight and dimensions of the human placenta in its relation to the weight of the newborn infant, 172
TREUHERZ. Dry treatment of gonorrhea and fluor in the female (Abst.), 307

V

VALENTIN. Causes of recurrence of gonorrhea in children (Abst.), 309
VEITCH, H. C. C. Postmortem crying (Abst.), 453
VIGNES. Antenatal pathology from fecundation to fetal maturity (Abst.), 453
VOGT, M. E. Benign perforating duodenal cyst arising from the vestigial remains of the wolffian body, 798
—, (WITH NORRIS, C. C.). Malignant ovarian neoplasms, 684
VON BUEBEN. Diathermy in the therapy of female gonorrhea (Abst.), 306

W

WALZ, W. The significance of intrauterine respiratory movements (Abst.), 456
WEINZIERL. Vaccine diagnosis and therapy in the ascending gonorrhea of women (Abst.), 305
WESTPHAL. A case of fetal peritonitis (Abst.), 457
WIECZOREK. A case of unusual swelling and secretion from the breasts of a newborn infant (Abst.), 447
WILDNER, (WITH ZOTTERMAN). Isoagglutination in newborn infants and their mothers (Abst.), 446
WILLIAMS, J. T. Pyelographic findings in pyelitis complicating pregnancy, 765
— AND MALLORY, F. B. Angioma of the placenta (Abst.), 613
WILLIAMSON. Ligation of the umbilical cord before the cessation of pulsation (Abst.), 452

Y

YOUNG. Dysmenorrhea (Abst.), 152

Z

ZOTTERMAN AND WILDNER. Isoagglutination in newborn infants and their mothers (Abst.), 446

SUBJECT INDEX

A

Abdominal palpation, a new maneuver in, McCormick, C. O., 714
wall, adenomyoma of the, Danforth, W. C., 630, 730
Abstracts, selected:
Gonorrhea, 304
Physiology and pathology of menstruation, 145
Physiology and pathology of the newborn, 445
Placenta, 612
Placenta previa, 756
Adenomas of endometrial origin in the laparotomy scars following incision of the pregnant uterus, Heaney, N. S., 625, 730
Adenomyoma of the abdominal wall, Danforth, W. C., 630, 730
Adenomyomata, ectopic, relation of, to ovarian function, Graves, W. P., 665, 739
Adenomyosis uteri, Frankl, O., 680
American Gynecological Society, 409, 582, 739
Amputations, intrauterine, spontaneous, 640
Andremia, Marriott, W. M., (Abst.), 447
Anemia, the treatment of secondary, by blood transfusion preceeding operation for myoma uteri and pelvic inflammatory disease, Anspach, B. M., and Jones, H. W., 222, 277
Anencephaly, roentgenographic diagnosis of, Rudolph, L., 840
Apoplexy, uteroplacental, placentolysis in, Nubiola, P., (Abst.), 616
Appendix, cystic lesions of possible endometrial origin in the, Outerbridge, Geo. W., 545
Asphyxia, intrapartum, results of combating fetal, with chloroform, Frey, (Abst.), 457
neonatorum, intracardiac injection of pituitrin in, Rainey, (Abst.), 451
pallid, in the newborn, intracardial injection of adrenalin and subcutaneous injection of lobelin in the treatment of, Mikulicz-Radecki, (Abst.), 451
pallida neonatorum, pituitrin in the treatment of, Cormack, (Abst.), 452

B

Bandl's ring as a cause of dystocia, with a report of four cases, Michael, W. A., 111
Birth lesions, intracranial, new information concerning the causation and the sequelae of, 601
weights during the war and the post-war periods, Bondi, J., (Abst.), 445
Bladder, elusive ulcer of the, Keene, F. E., 380, 443
Blood platelets before and after thyroidectomy, especially at the time of menstruation, Rosenbaum, (Abst.), 149
pressure in the newborn following normal and pathological labor, Reis, R. A., and Chaloupka, A. J., (Abst.), 445
Books received, 312, 460, 617, 764
Breech extraction, rupture of the uterus following, Grad, (Abst.), 132
Brow presentation, an attitude of deflection, with the history of a case of spontaneous brow transverse, Calhoun, D. A., 266

C

Cancer of the cervix, treatment of, shall it be radium or operation, Polak, John Osborn, and Phelan, George W., (collective review), 140
of the uterus and its treatment by irradiation, Healy, William P., 789, 870
Carcinoma of the cervix uteri, primary, treated with radium, preliminary report of, Farrar, L. K. P., 205
ovarian, with twisted pedicle and fatal intraperitoneal hemorrhage, Schumann, E. A., 273
Cervical disease, logical handling of non-malignant, Gelpi, M. J., 283
erosion, the danger of, Reel, P. J., 94
Cervix, cancer of the, treatment of, shall it be radium or operation, Polak, John Osborn, and Phelan, George W., (collective review), 140
hematometra following amputation of the, and radiation, Phillips, W. D., 281
in sterility, the rôle of the, Kahn, Isadore W., 254, 291
uteri, primary carcinoma of, treated with radium, Farrar, L. K. P., 205
Cesarean scar, the, Schwarz, O. H., 153
section in placenta previa, Bouwer, (Abst.), 757

Cesarean section—Cont'd
in placenta previa, the justification of, Von Jaschke, (Abst.), 756
postmortem, with living child in a patient dying during an eclamptic convulsion, Jacobson, S. D., 289
the limitations of, Miller, C. J., 260
sections, low or cervical, an illustrated history of the, DeLee, J. B., 503, 582
Childbirth, deities concerned with, among ancient peoples, 570, 592
gyneplastic repairs following, Bubis, J. L., 213
Chloroform poisoning, delayed, following delivery, Royston, G. D., 808
Chorioepithelioma following hydatidiform mole, Sellers, T. B., 740
malignum, Barnes, C. S., and Clark, J. H., 278
Collective Reviews:
birth lesions, intracranial, new information concerning the causation and the sequelae of, Ehrenfest, Hugo, 601
cervix, cancer of the, treatment of, shall it be radium or operation, Polak, J. O., and Phelan, G. W., 140
obstetrics, history of, epitome of the, Fair, H. D., 745, 874
vagina, artificial, the formation of an, Pemberton F. A., 294
Cord umbilical, ligation of the, before the cessation of pulsation, Williamson, (Abst.), 452
Correspondence, 761, 884
Crying, postmortem, Veitch, H. C. C., (Abst.), 453
Cyst, benign perforating duodenal, arising from the vestigial remains of the wolffian body, Vogt, Marnetta E., 798
endometrial ovarian, with unusual clinical features, Goldsmith, R., 274
Cystic lesions of possible endometrial origin in the appendix, Outerbridge, G. W., 545

D

Deaths, a series of, in gynecologic patients, Hurd, R. A., 120
Deities concerned with childbirth among ancient peoples, Schumann, E. A., 570, 592
Dysmenorrhea, Young, (Abst.), 152
intrinsic, Bell, W. Blair, (Abst.), 149
intrinsic, Gemmel, (Abst.), 151
the results of operative treatment of, Johnstone, (Abst.), 151
of spasmophilics, and the cause of menstrual pain, Hirsch, (Abst.), 151
Dystocia, Bandl's ring as a cause of, with a report of four cases, 111

E

Eclampsia in pregnancy, a new explanation for the occurrence of, Elwyn, H., 698
the use of insulin in, Stander, H. J., and Duncan, E. E., 823
with unusual nonprotein nitrogen in the blood, Mussey, R. D., 826
Ectopic gestation, a clinical analysis of one hundred and fifty-two cases of, Hendry, W. B., 386, 413
the value of the leucocyte count as an aid to diagnosis in, Farrar, L. K. P., 413
Endocervicitis, a new instrument for the treatment of, Di Palma, S., 829
Endometrial tissue, heterotopic or misplaced, Sampson, J. A., 649, 730
Endometritis, inguinal, (often reported as endometrial tissue in the groin, adenomyoma in the groin, and adenomyoma of the round ligament), Sampson, John A., 462, 595
Endometrium of the menstruating uterus, Novak, E., and Te Linde, (Abst.), 147
Endoscopy, (endometroscopy), uterine, with the aid of uterine insufflation, Rubin, I. C., 313

F

Fallopian tubes and ovaries, gonococcal infections of the, some observations on, Lees, (Abst.), 308
Fertility of the female white rat, influencing the, by treatments with placental tissue, Kovacs, F., 232
Fetal death, placental changes in relation to, Strachan, G. I., (Abst.), 613
heart sounds during labor, clinical interpretation and importance of the, Bartholomew, R. A., 89
Fetus, changes in the polarity of the, McIlroy and Leverkus, (Abst.), 455
glandular activity in the human, Keene and Hewer, (Abst.), 455
intrauterine death of, at term without demonstrable cause, Mayer, (Abst.), 456
Fetuses, notes on one hundred, Keene and Hewer, (Abst.), 449
Fibromyomata, uterine, the treatment of, Clark, J. G., and Block, F. B., 560, 597
Fistulae, vaginal, on some unusual, Spencer, H. R., 365, 434
Forceps, Kielland obstetrical, and its application, Jarcho, J., 35

G

Gestation periods, prolonged and shortened, from medical and medico-legal standpoints, McCaffrey, L. C., 107
Gonococcal infections of the fallopian tubes and ovaries, some observations on, Lees, (Abst.), 308
Gonorrhea, female, diathermy in the therapy of, Von Bueben, (Abst.), 306
in children, causes of recurrence of, Valentin, (Abst.), 309
examinations in, Valentin, (Abst.), 309
rectal findings in, Lauter, (Abst.), 310
in the female, chronic, treatment of, Shutter, H. W., (Abst.), 307
diagnosis of chronic genital, Cherry and Di Palma, (Abst.), 305
dry treatment of, Treuherz, (Abst.), 307
in women, complement fixation in the diagnosis of, Lailey and Cruikshank, (Abst.), 304
diathermy treatment of, Milner and Maclachlan, (Abst.), 306
to determine cure after, Gross and Blaschko, (Abst.), 308
treatment of, Asch, (Abst.), 305
with heated sounds, Frank, (Abst.), 306
vaccine diagnosis and therapy in the ascending, Weinzierl, (Abst.), 305
of the uterus, treatment of, with medicated rods and celluloid capsules, Mutschler, (Abst.), 306
the prepuce of the clitoris and, Clodi and Schopper, (Abst.), 304
Gonorrheal vulvovaginitis in children, therapy of, Schmidt, (Abst.), 310
Graafian follicle, why does the, rupture, Strasman, E., (Abst.), 147
Granuloma inguinale occurring in a white woman who also presented an absence of the vagina, Duncan, H. A., 592
Gynecologic patients, a series of deaths in, Hurd, Ralph A., 120
Gyneplastic repairs following childbirth, J. L. Bubis, 213
Gynecology and obstetrics, a few remarks about the efficiency and inefficiency of our theories, with special reference to, Plaut, Alfred, 848
the sedimentation test in, Baer, Joseph L., and Reis, Ralph A., 397
use of zinc chloride in, Masson, J. C., and Foucar, H. O., 355, 421

H

Hematoma occurring spontaneously in the sheath of the rectus muscle, Culbertson, C., 587
Hematometra following amputation of the cervix and radiation, Phillips, W. D., 281
Hermaphroditismus externus feminus, Bell, W. Blair, 778
Hernia, inguinal, complicated by hernia of the ovaries and tubes, report of a case of, Rowley, W. N., 709
Hofbauer cells of the chorionic villus, the function of the, particularly in relation to acute infection and syphilis, Hofbauer, J., 1
(Clasmatocytes) of the human chorionic villus, Lewis, W. H., (Abst.), 612
Hydatidiform mole, two cases of, one of which was followed by chorioepithelioma, Sellers, T. B., 740
Hydramnios babies, the fate of, Floris, M., (Abst.), 449
Hydrops universalis of fetus and placenta, Bol, (Abst.), 458
Hysteroscopy (uterine endoscopy, endometroscopy) with the aid of uterine insufflation, Rubin, I. C., 431

I

Icterus neonatorum, Farquhar, (Abst.), 448
Lepehne, (Abst.), 448
Infants, the fate of premature, Brandt, (Abst.), 450
Insufflation of the tubes, modification of the Rubin apparatus for, Graffagnino, P., 743
Intraligamentous pregnancy, Kennedy, William T., 858
Intrauterine amputations, spontaneous, Latta, J. S., 640
death, a pathognomonic sign of, Spalding, (Abst.), 457
Isoagglutination in newborn infants and their mothers, McQuarrie, I., (Abst.), 446
in newborn infants and their mothers, Zottermann and Wildner, (Abst.), 446

K

Kielland obstetrical forceps and its application, Jarcho, J., 35

L

Labor, a case of premature, with survival of the child, Lyon, Edward C., Jr., 856
fetal heart sounds during, clinical interpretation and importance of the, Bartholomew, R. A., 89

Labor—Cont'd
pantopon-scopolamine seminarcosis in, Carter, P. J., 693, 738
passage of meconium during, the significance of the, 83
third stage of, treatment of disorders of the, Heidler, H., (Abst.), 615
Lipoma, a massive retroperitoneal, springing from the perirenal fat, Schumann, E. A., 274
Lobelin in asphyxia of the newborn, Miltner, (Abst.), 451
Lymphangioma of the fallopian tubes, Strong, Lawrence W., 853

M

Maceration, fetal, the pathology of, Strachan, G. I., (Abst.), 458
Male or female, serological determination of the sex of the child in utero, Lüttge, (Abst.), 454
Mastitis, chronic cystic, pelvic lesions as a contributing factor in, Miller, C. J., 375, 437
Maternal welfare, 127, 403, 578, 863
Maternity and infancy program, the Minnesota, Hartley, E. C., and Boynton, Ruth E., 863
Meconium, the significance of the passage of during labor, Schulze, M., 83
Menstrual cycle, observations on temperature and other changes in women during, Cullis, Oppenheimer and Ross-Johnson, (Abst.), 148
symptoms associated with the, and the effects thereon of ovarian therapy, Sharlit, H., Corscaden, J. A., and Lyle, W. G., 246, 289
Menstruation and ovulation, Frankl, (Abst.), 146
the histologic interrelationships of, Novak, E., 802
a note on the coefficient in, Bond, (Abst.), 151
a note on the variations of blood pressure during, Amos, (Abst.), 149
influencing, by resection of the ovary, Kohler, (Abst.), 148
present status of the knowledge of, Seitz, A., (Abst.), 145
relation of onset of, to environment, Lintz and Markow, (Abst.), 149
removal of both ovaries and persistence of, McArthur, (Abst.), 148
Mercurochrome, a summary of the present status of the intravenous use of, Piper, E. B., 371, 422
in obstetrics, use of, Mayes, H. W., 61, 137
Metreurysis, intra- or extraovular, in placenta previa, Falk, R., (Abst.), 756

N

Neisserian infection, the treatment of, and its complications in the female, Bonney, (Abst.), 307
Newborn, attacks of arrested respiration in the, Still, (Abst.), 452
blood pressure in, following normal and pathological labor, Reis and Chaloupka, (Abst.), 445
care of the, in the first few weeks of life, Huenekens, (Abst.), 447
cavernous angioma in, Runge, (Abst.), 448
isoagglutination in, McQuarrie, I., (Abst.), 446
Wildner, (Abst.), 446
lobelin in asphyxia of, Miltner, (Abst.), 451
infant, unusual swelling and secretion from the breasts of a, a case of Wieczorek, (Abst.), 447
New Orleans Gynecological and Obstetrical Society, 279, 285, 739
New York Academy of Medicine, 289
New York Obstetrical Society, 131, 870

O

Obstetric clinic of Johns Hopkins Hospital, an analysis of the work of the, for the year 1924, Stone, E. L., and Sisson, W. E., 718
Obstetrical Society of Philadelphia, 272, 592, 595, 870
Obstetrics, history of, an epitome of, Fair, H. D., (collective review), 745, 874
in Pasadena, statistical survey of, as an example of obstetrics as practiced in cities of California, January 1, 1924, to December 31, 1924, Hibben, J. S., 843
use of mercurochrome in, Mayes, Harry W., 61, 137
Occupational diseases in women, Friedlaender, B., 403
Ovarian carcinoma with twisted pedicle and fatal intraperitoneal hemorrhage, 273
cyst, endometrial, with unusual clinical features, 274
cysts (Sampson's), perforating, with invasion of the bladder wall, Keene, F. E., 619, 730
function, relation of ectopic adenomyomata to, Graves, W. P., 665, 739
neoplasms, malignant, Norris, C. C., and Vogt, M. E., 684
tumors, complicating pregnancy, with a report of six cases, Ingraham, C. B., 815

Ovaries and fallopian tubes, some observations on gonococcal infections of, Lees, (Abst.), 308
and tubes, hernia of, report of a case of inguinal hernia complicated by, Rowley, W. N., 709
removal of both, and persistence of menstruation, McArthur, (Abst.), 148
Ovary, resection of the, influencing menstruation by, Köhler, 148
sarcoma of the, spontaneous rupture of, Koster, H., 716
teratomata, solid, of the, Black, W. T., 345, 412
Ovulation and menstruation, Frankl, Oskar, (Abst.), 146
the histological interrelationships of, Novak, E., 802

P

Palpation, a new maneuver in abdominal, McCormick, C. O., 714
Pathology, antenatal and hereditary, Vignes, (Abst.), 453
antenatal, from fecundation to fetal maturity, Vignes, (Abst.), 453
Pemphigus menstrualis, Cremer, (Abst.), 152
Peritonitis, fetal, a case report of, Westphal, (Abst.), 457
Pituitrin in asphyxia neonatorum, intracardiac injection of, Rainey, E. H., (Abst.), 451
in the treatment of asphyxia pallida neonatorum, Cormack, J. G., (Abst.), 452
Placenta, (Abst.), 612
angioma of the, Williams, J. T., and Mallory, F. B., (Abst.), 613
(eighteen months), prolonged aseptic retention of a, Guillemin, A., (Abst.), 614
hydraulic separation of the, Forget-Urion, (Abst.), 614
objective demonstration of the completeness of the, Ederer, (Abst.), 614
previa, association of fetal monstrosities with, Greenhill, (Abst.), 613
a study of 168 cases of, V. Mikulicz-Radecki, (Abst.), 759
at the Helsingsfors Maternity Hospital from 1910-1924, Hjelt, S., (Abst.), 760
cesarean section in, Bouwer, (Abst.), 757
justification of, Von Jaschke, (Abst.), 756
in four successive pregnancies, Gilliatt, (Abst.), 756
in the Obstetric Department of the General Hospital, of Malmö, Bauer, G., (Abst.), 758
intra- or extraovular metreurysis in, Falk, R., (Abst.), 756
Placenta previa—Cont'd
prognosis and treatment of, V. Mikulicz-Radecki, (Abst.), 759
treatment of, Gaenssle, H., (Abst.), 757
Liebe, W., (Abst.), 757
Schoenholz, L., (Abst.), 758
prolapse of the normally situated, Larisch, (Abst.), 616
retention of portions of the, Schmidt, H. H., (Abst.), 614
study of the weight and dimensions of the human, in its relation to the weight of the newborn infant, Adair, F. L., and Thelander, H., 172
Placental breathing, on the regulation of, Schmidt, (Abst.), 612
changes in relation to fetal death, Strachan, G. I., (Abst.), 613
tissue, influencing the fertility of the female white rat by treatments with, Kovacs, Francis, 232
Polydramnios, the significance of, for the viability of the child, Poeck, E., (Abst.), 450
Pregnancy, eclampsia, in a new explanation for the occurrence of, Elwyn, Herman, 698
extrauterine, report of 106 cases, Stein, H. E., 833
hemorrhage in the last trimester of, Burgess, H. C., 49, 134
ovarian tumors complicating, with a report of six cases, Ingraham, C. B., 815
purpura complicating, Rushmore, S., 553
pyelitis complicating, pyelographic findings in, Williams, J. T., 765
Presidential address, Taylor, H. C., 409
Puerperal infections and their treatment, Polak, J. O., 521, 583
Purpura as a complication of pregnancy, Rushmore, S., 590
Pus-tube, the, and its management, Royster, H. A., 392, 418
Pyelitis complicating pregnancy, pyelographic findings in, Williams, J. T., 765

R

Radium, in primary carcinoma of cervix uteri, Farrar, L. K. P., 205
in the treatment of gynecologic conditions, four years experience with, Mundell, J. J., 70
Respiratory movements, intrauterine, the significance of, Walz, W., (Abst.), 456

S

Sedimentation test, the, in gynecology, Baer, J. L., and Reis, R. A., 397

Sex determination in the child, a statistical contribution to the question of, (Abst.), 454
gland, the influence of the male, on the female, Kovacs, Francis, 527
Sexes, the numerical relationship of the, with especial relation to miscarriages and premature labors, Tauber, (Abst.), 454
Society Transactions:
American Gynecological Society, 409, 582, 739
New Orleans Gynecological and Obstetrical Society, 279, 285, 738
New York Academy of Medicine, 289
New York Obstetrical Society, 131
New York and Philadelphia Obstetrical Societies, Joint meeting, 870
Obstetrical Society of Philadelphia, 272, 592, 595
Statistical survey of obstetrics in Pasadena, as an example of obstetrics as practiced in cities of California, January 1, 1924, to December 31, 1924, Hibben, J. S., 843
Sterility, study of the intramural portion of normal and diseased tubes, with especial reference to the question of, Geist, S. H., 425
the rôle of the cervix in, Kahn, I. W., 254, 291
Sympus dipus, a case of, an anatomic study, Proshek, C. E., 15
Syphiloma vulvae, further observations on, with a report of an additional case, Stein, A., 633

T

Teratoma of the ovary, Black, W. T., 345
Thyroidectomy, blood platelets before and after, especially at the time of menstruation, Rosenbaum, (Abst.), 149
Toxemia, fetal death due to, McIlroy, A. L., (Abst.), 457
preeclamptic, complicated by pyelitis and pulmonary disease, Levy, W. E., 287
second pregnancy after severe, Bishop, E., 131
Tubes, insufflation of the, modification of the Rubin apparatus for, Graffagnino, P., 743

U

Ulcers, elusive, of the bladder, Keene, F. E., 380, 443
Umbilical cord, spontaneous rupture of the, Siddall, R. S., 836
treatment of the, by short ligation and the use of a clamp, Dicks, J. F., 706, 739
Uterine endoscopy (endometroscopy) with the aid of uterine insufflation, Rubin, I. C., 313
fibromyomata, the treatment of, 560, 597
glands in women, observations on the proliferation of the, Szymanowicz, J., (Abst.), 147
retrodisplacement, improvements in the operative treatment of, Crossen, H. S., 327, 438
secretion, its effect upon coagulation of the blood, Kross, (Abst.), 148
Uterus, an enormous parasitic fibroma originating in the, Schumann, E. A., 272
cancer of the, and its treatment by irradiation, Healy, Wm. P., 789, 870
curettage of the, some debatable features of, Gellhorn, G., 101
didelphys, report of a case of, Malcolm, W. A., 712
duplex bicornis cum vagina duplici, report of a case of, Price, J. W., Jr., 269
inversion of the, after childbirth, Mason, H. N., and Rucker, M. P., 671
menstruating, the endometrium of the, Novak and Te Linde, (Abst.), 147
pregnant, adenomas of endometrial origin in the laparatomy scars following incision of the, Heaney, N. Sproat, 625, 730
rupture of the, following breech extraction, Grad, H., 132

V

Vagina, artificial, the formation of, Pemberton, Frank A., (collective review), 294
congenital atresia of the, Salatich, P. B., 279
Vaginal fistulae, some unusual, Spencer, Herbert R., 365, 434
Vagitus uterinus, Klein, (Abst.), 456
Version, its indications and contraindications, Miller, H. E., 241, 285
Vulvovaginitis, a clinical investigation of, Stein, (Abst.), 310

Z

Zinc chloride, the use of, in gynecology, Masson, J. C., and Foucar, H. O., 355, 421
